

## 3/29/06 Passaic River - Joint IRM Technical Team Meeting

### S U M M A R Y

#### Attendees:

NJDEP: Janine MacGregor, Tom Cozzi, Suzanne Dietrick, Mike Burlingame, Anne Hayton

USEPA: Tom Taccone, Elizabeth Butler, Ray Basso, Eric Stern

NJDOT: Lisa Baron

USACE: Scott Nicholson, Peter Weppler

NOAA: Reyhan Mehran

Malcolm Pirnie: Bruce Fidler, Scott Thompson

Louis Berger: Murat Utku, Yu Yang Gong, Norman Francingues (OA Systems)

#### Joint Goals:

Target Sources

Mass Remediation

Promote Risk Reduction

Consistent with Overall Project Goals

#### Next Steps:

April 5: Geochemical Evaluation Report Presentation at PDT

April 12: Louis Berger/Malcolm Pirnie meet to discuss data gaps, etc.

April 19: Agency (and contractors) meeting to discuss comments on Evaluation of Interim Actions. Please try to provide comments to Scott Thompson before that date.

Late April: Evaluate new data from low resolution coring

Early May: Correlate Chemical/Physical Data. (Pirnie/Berger or whole group?)

May 17: Remedial Option Workgroup – Agency Only (and contractors). Move Remedial Options Workgroup meeting with all Stakeholders to later date...same day as Restoration Workgroup on May 24?)

#### Outstanding Issues:

Facility Siting

Permitting

Conceptual Site Model

Additional Low Resolution Coring Data
